

K-LOVE has made a significant impact on our community in the Haileyville/McAlester, OK area. Our children love the music and we are relieved that positive lyrics and tunes are influencing our children. If K-LOVE were to be replaced with secular music and agenda, we would simply not listen to the radio. There's so many other options of music on other frequencies, please don't eliminate our only local option for uplifting Christian music. After all, it is our constitutional right and privilege to choose what we listen to. Please don't deny us this right.

Respectfully yours,

Laura Perry
